Your creative kit of parts

Showers are a serious business so we've worked to build you the perfect kit of creative parts that forms a versatile, reliable and customizable shower system. Whether it's a commercial gig, renovation or new build - we've got all of the components necessary to help you get the job done right.

*Please note that ADA accessories are not included.

Our system includes an extensive range of shower pans, panels, trim and caddy accessories, everything needed to bring your design concept to reality. Our commercial shower systems are aesthetically pleasing and deliver superior long-term performance in demanding applications such as patient rooms, dormitories, hotel guest rooms and multi-family housing units.

The system is well suited to both renovation and new construction, including projects requiring installation in compliance with the Americans with Disabilities Act (ADA).

Durasein products carry a Health Product Declaration (HPD) and may contribute toward LEED points for commercial projects.

Take advantage of the expertise of the Durasein team. We can provide technical support at each stage of your project, from specification through installation.

For more information, or to discuss your project, contact us at info@duraseinusa.com or toll-free at (866)509-6494

The System Solution

The Durasein Commercial Shower Solution, includes everything needed for your shower project:

- Seven (7) standard shower pan designs, including ADA compliant designs engineered for both renovation and new construction projects. Shower pan dimensions and drain configuration can be customized to meet the unique requirements of your project.
- Two standard shower pan colors; Natural White and Bone. Custom shower pan colors, in both solid and particulate designs are available to match your design vision.
- ¼" Acrylic solid surface wall panels, available in seven standard colors; Arctic White, Natural White, Bone, Parthenon, Chez Linen, Luna, Naturele, and two standard sizes; 1/4" thick x 60" x 96", 1/4" thick x 36" x 96"
- Wall panel dimensions can be customized to your project requirements; (for larger commercial orders) widths from 30" to 60", lengths from 72" to 120"
- An additional 25+ wall panel colors from the Durasein standard color palette, can be made to order (minimum order required.)
- Four (4) standard trim designs; "L", Dado, Bevel (Special Order), and Corner Cove, color-matched to the wall panel.
- Four (4) standard soap dish and shampoo caddy designs, color-matched to the wall panels.
- Trim and accessories can be customized to your project specific requirements.
- Our Universal Hub System which allows an exact alignment of the drain to the shower pan for retrofit projects. This is a unique offering only from Durasein.

Advantages

Design

Selection of standard shower pan configurations

Selection of standard wall panel colors and dimensions

Extensive range of custom design options.

Suitable for renovation or new construction

Installation

Full-width panels, no wall seams

Built-in water dam and non-skid finish

Trim creates clean finished look

Care & Maintenance

Resistant to stains, and the growth of mold or bacteria

Clean with common household cleaners

Renewable and repairable surface

Shower Pans

Solid surface shower pans by Durasein provide the mechanical strength and durability required to perform in demanding commercial applications such as patient rooms, dormitories, hotel bathrooms, and locker rooms. Our shower pans feature a non-slip floor design, and deliver the care and maintenance benefits of premium solid surfaces material; a seamless surface resistant to staining and to the development of harmful mold or bacteria.

We have selected a standard set of shower pan configurations that offer design flexibility, while meeting the functional performance requirements of a commercial shower application, including ADA compliant designs.

Shower pans can be customized to your specific project requirements. We can help you to achieve your design vision with confidence and durability and performance in use of the installed system.

Features & Benefits:

- Highly durable cast modified acrylic-polyester blend construction. Five stock designs available in two standard colors; Natural White or Bone
 - 36" x 36" Standard Center Drain
 - 36" x 48" Standard Center Drain
 - 32" x 60" Tub Replacement with Left or Right Drain
- Three additional ADA-compliant pan designs are made-to-order
 - 63" x 33" ADA Roll-in with Trench Drain for new construction
 - 62½" x 36" ADA Roll-In Center Drain with Tapered front for renovation.
 - 37" x 36" ADA Transfer Pan with Center Drain
- Shower Pans requiring project specific custom dimensions, drain locations, or other special features are made-to-order.
- Additional Shower Pan colors to match Durasein shower panel colors are made-to-order with a minimum order required.

Wall Panels

Durasein acrylic solid surface wall panels are engineered to provide superior impact resistance and durability in the most demanding commercial applications. By selecting seamless, full-width Durasein ¼" wall panels, you will have an easy-to-clean surface, with long-lasting resistance to staining and to the development of harmful mold or bacteria. By installing as a system with our shower pans, you are ensured an aesthetically pleasing and easy-to-maintain shower solution for health-care, senior living, education, hospitality, and multi family housing applications.

Wall panels are available in a range of attractive colors and patterns to give you a multitude of design options. Six standard colors are available from stock. An additional 25+ colors from Durasein color palette can be made-to-order.

Wall panels are stocked in three standard widths; 36", and 60". We recognize that project requirements often dictate non-standard material sizes, so we always offer custom widths and lengths, made-to-order, giving you the ability to optimize the design and minimize waste on your project.

The Basics:

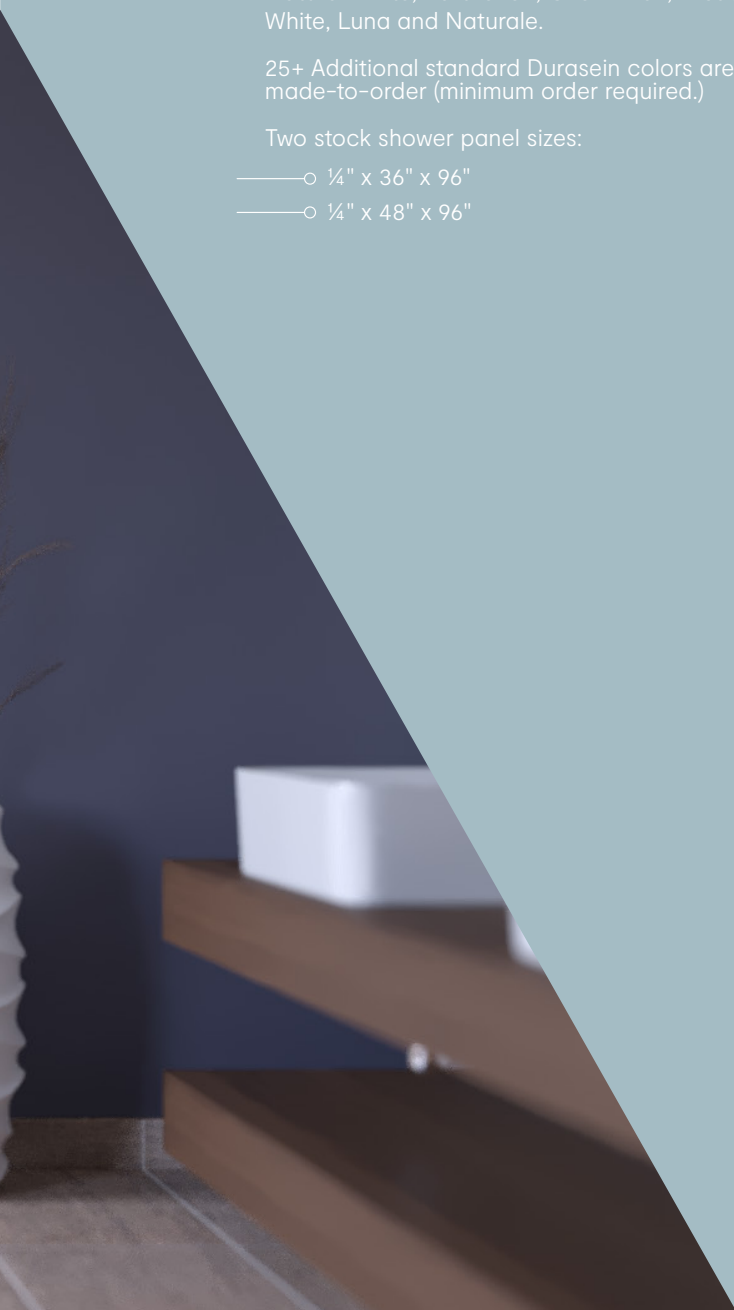

- Durasein 100% acrylic solid surface shower panels, available in six (6) Durasein stock colors; Natural White, Parthenon, Chez Linen, Arctic White, Luna and Naturale.

25+ Additional standard Durasein colors are made-to-order (minimum order required.)

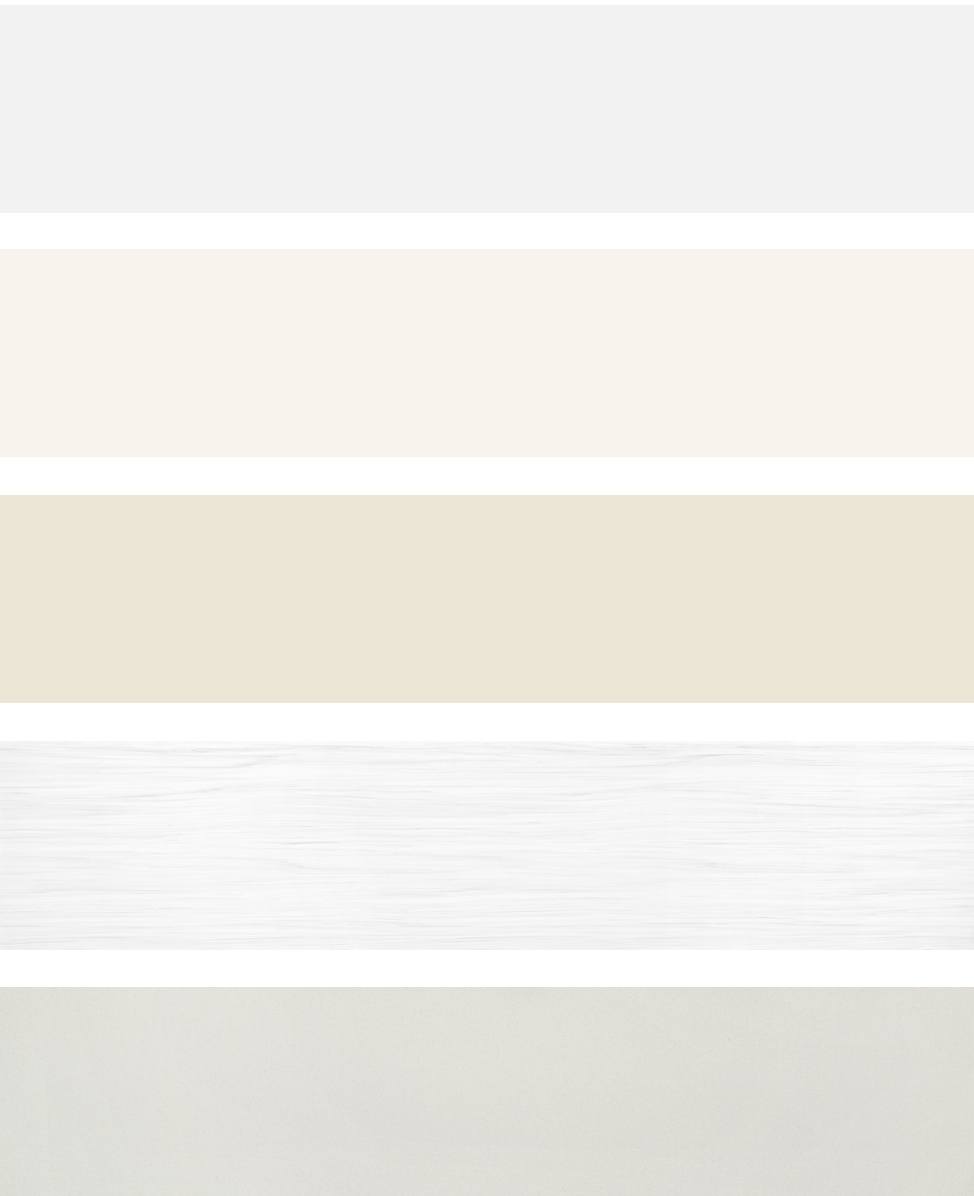

Two stock shower panel sizes:

- ¼" x 36" x 96"
- ¼" x 48" x 96"

- Shower panels are also available in custom widths from 30" to 60", and custom lengths from 72" to 120" (minimum order required.)
- Durasein shower panels are cast to full width, with no fabricated seams up to 60" wide.
- Visit www.duraseinusa.com to view the full range of Durasein standard colors.

Trim & Accessories

We offer a complete solution to enhance the design and add an extra barrier against moisture infiltration. The Durasein shower system includes trim for finishing corners, transitions and accessories to complete the installation. Trim and accessories are color-matched to our shower panel colors. We stock the most commonly selected sizes and designs. As with our other shower system components, we can work with you to provide customized trim and accessories when required to complete your design.

Features & Benefits:

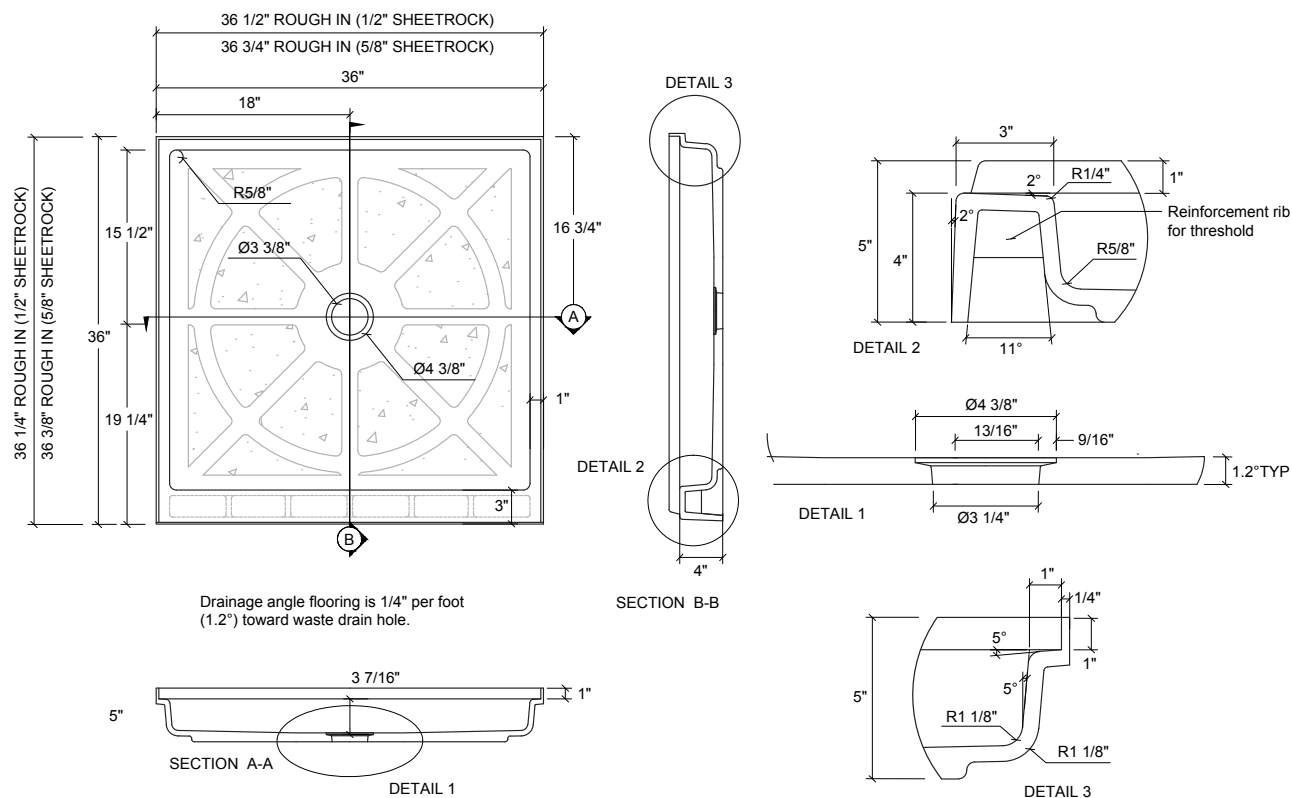

- Four stock trim configurations:
 - 2" x 2" x 96" "L" Trim.
 - 2" x 5/8" x 96" Dado Trim.
 - 1" x 1" x 96" Corner Cove Trim
 -
 - Four stock accessory designs:
 - 7 1/2" x 11" recessed box caddy
 - 8" x 18" recessed box caddy with shelf
 - 4 5/8" x 14 1/2" Corner Caddy with shelf
 - Trim and accessories are available in six standard colors matched to Durasein shower panels; Arctic White, Natural White, Parthenon, Chez Linen, Luna, Naturelle.
- Custom trim and accessories to fit project specific requirements are made-to-order.
