Solid Surface
for Healthcare

High demand,
creative solutions

Solid surface? Solid choice

Hi, we're Durasein. We make solid surface for creatives with big, bendy, twisty ideas.

We know high-traffic environments call for a high level of protection, especially when caring for those most vulnerable.

Our durable & antibacterial material can be utilized in a multitude of ways within the healthcare sector.

From waiting rooms and open space, to scrub rooms, showers and operating room walls, we've got the right stuff!

Rest easier knowing our material combats not only contamination, but everyday wear and tear as well.

Applications to outperform

Cabinetry

Durasein's solid surface is light-weight, creating the perfect solution for cabinetry. Purpose-built, without being limited by the material you are using.

Lab counters

Stain-, heat-, fire-, chemical-, and impact-resistant, non-toxic, non-porous, and antibacterial, need we say more?

Restrooms

Toilets, vanities, sinks, you name it. Our mold- and mildew-resistant surfaces are perfect for these high-touch areas.

Reception areas

Solid surface stands up to the test, every day. Scratch-resistant surfaces help protect your most important, yet undervalued spaces.

Common areas

Renewable, repairable, recyclable, and reusable. Solid surface is great for high-use areas with normal wear and tear, indoor and out.

Wall cladding

Not just a standard surface, Durasein can be used on wall applications that are easy to clean and seamless, creating limitless options.

Soaring aesthetics and standout performance. It's every designer's feel-good combo.

Even when you're working with the critical demands of healthcare, you're still a creative at heart. So it's a thrill to find a material that's both beautiful and built to perform. Made of two-thirds natural minerals and one-third acrylic resin and pigments, Durasein solid surface is the ideal material for inspiring healthcare environments.

Easy to clean

Low maintenance, stain resistant, and chemical resistant

Safe & protected

Food safe, non-toxic, non-porous, anti-bacterial, low VOC, and mold/mildew resistant

Tough as nails

Impact resistant, scratch resistant, heat resistant and fire resistant

Built for dreamers

Limitless decors; seamless, thermoformable, and boundless ability in color and translucency

Smart surfacing

Renewable, reusable, repairable and recyclable

Notable marks

Greenguard, Greenguard Gold, NSF-51, ISO 9001, USGBC, ISFA, and a 10 year warranty

In today's environment, stopping the spread of germs is more important than ever, and you can give your clients a head start by choosing materials that are up to the job.

We've done extensive testing to make sure our material can stand up to the frequent cleaning and harsh chemicals needed to disinfect surfaces and minimize contamination. Rest assured that the same chemicals that can dull or disintegrate other materials won't leave a mark on ours, even with everyday use.

When you need rigorous performance but crave creativity, Durasein has your back.

Solid surface stands up to every test
